Hunt for Insull Abandoned by U. S.; Greece Obstinate

American Government Roasts Her for Extradition Refusal

TREATY VIOLATION

But Greeks Insist They Are Following Their Own Law

WASHINGTON.—(AP)—Secretary Hull Monday indicated that this country can take no further steps to extradite Samuel Insull as long as the former utilities magnate remains in Greece.

The Department of State has exhausted all avenues to bring back Insull, and as a result of this failure sent a sharp note to Greece denouncing the treaty of extradition between the two countries, terming the Greek position "intolerable."

Note Raps Greece

WASHINGTON.—(AP)—A pointed note to Athens Sunday termed Greece's denial to Insull's extradition "a clear violation of the American-Hellenic treaty of extradition" and sought earliest possible termination of the agreement.

The diplomatic message was called to Lincon MacVeach, minister of Athens, by the State Department for delivery to the foreign affairs minister of Greece. It provided in the part for its termination by either party.

The first extradition application for Insull, former utilities magnate, was founded on a Cook county, Illinois indictment. When this was refused, the government requested his return on a federal bankruptcy charge.

Greeks Defiant Policy

ATHENS, Greece.—(AP)—A protest against the Greek court verdict barring extradition of Samuel Insull, former Chicago utilities magnate, to the United States will be handed the Greek government Monday by the American legation. It is understood to be couched in the strongest terms.

Texas Guinan Dies, Star of Night Club

Born in Texas, She Achieved Fame First in Movie "Westerns"

VANCOUVER, B. C.—(AP)—Texas Guinan, the night club queen, who was known best for her unique contributions to Broadway's vocabulary, died here Sunday of an intestinal ailment.

The robust entertainer sent the phrases "hello sacker" and "give the little girl a great big hand," virtually around the world.

Born Mary Louise Cecelia Guinan in Waco, Texas, about 48 years ago, she experienced a kaleidoscopic career that ran from the plains to the picture making of early Hollywood and then to a noisy New York climax that was ended with courtroom battles with the prohibition law.

Mrs. Guinan for a time wrangled cattle on her father's ranch when she was 14 and was educated in a convent.

After her father moved to Denver, she won a scholarship at the Chicago Conservatory of Music. From an obscure start Hollywood cast her in more than a hundred motion pictures in the early days of the screen and there she earned the sobriquet of "the female William S. Hart."

Since after 1929 her name began its Broadway ascent. For financial support, she had Louis F. Fay, chain taxi-cab and labor promoter.

By 1927 her "Three Hundred Club" in West 80th street, New York, was in its heyday. Round visitors from the hinterland were "big butter and egg men." Out of town buyers became grandfathers and increment crept after midnight.

It is the administration belief that the late Mrs. Guinan, to break down party bias, drawn on the old line and created a new alignment based upon her own personal opinions on social and economic questions.

And the British, admirable in their domestic affairs, are wrong as usual when it comes to sizing up the other fellow.

The United States is not living under a dictatorship. She is not putting her faith in a man rather than an institution.

It simply happens that the institution of self-government has produced the man, and under the laws of our country he is given nearly the powers of a king when an emergency threatens.

But what the people have given, the people can take away. They gave Hoover the power and the glory—and the grief.

Then they cheer Mr. Roosevelt. And if our British cousins were over here, listening to the yelps from the Wheat Belt, the interiors from the mines and steel mills, and the discontent of business men generally, they would understand that what America is experimenting with is just one-man management on a national scale.

Nobody's particular happy about it—the least happy, perhaps, being Mr. Roosevelt—but it appears necessary, and when a thing is necessary Americans have the habit of doing it.

Balbo Resigns as Italian Air Head

Mussolini and Young Aide Apparently Have Had Another Clash

ROME, Italy.—(AP)—King Victor Emmanuel made Premier Mussolini minister of both the navy and the air Monday after accepting the resignation of Air Marshal Italo Balbo and Admiral Giuseppe Sirianni.

There have been clashes between Mussolini and Balbo, as the dictator sought to restrain the young and impetuous Fascist air chief in his climb to public acclaim.

Balbo early in his career showed dislike for Francesco de Pinedo, another great air hero of the Italians—and Mussolini was forced to publicly reprove Balbo for his jealousy. Nevertheless, Mussolini later made the bearded young man chief of the air forces.

Despite his quick temper and dislike for the civilian branches of the government, Balbo has talent for organization and leadership. He handled Italy's two great mass movements of airplanes on long-distance hops—the flight of 16 seaplanes across the South Atlantic to Brazil a few years ago, and the expedition of 25 planes from Rome to the Chicago World Fair and return, this summer, being awarded a Roman triumph.

Balbo figures as a possible successor to Mussolini, the latter linking his young aide despite their temperamental quarrels, presumably due to Balbo's impetuosity with opposition, while Mussolini must hold all branches of the Fascist state together.

Given New Trial in Wife Murder

Major Shepard Wins in U. S. Supreme Court Appeal

WASHINGTON, D. C.—(AP)—Major Charles A. Shepard, army surgeon, won in the United States Supreme court Monday in his fight to set aside his conviction for the murder of his wife, Zenana, on the Fort Riley (Kas.) military reservation, and his sentence to life imprisonment.

The decision of the court will have the effect of giving Dr. Shepard a new trial.

The court said that evidence that Mrs. Shepard had stated her husband poisoned her had been improperly admitted to the trial proceedings.

DEBT PARLEY FAILS

But the British Will Continue Their Token Payments

LONDON, Eng.—(AP)—Stanley, lord president of the Nationalist government, believes ordinary constitutional rule in the United States has broken down and the country practically is under a dictatorship.

This view was aired Monday at a political luncheon attended by the Nationalist government leaders during which Sir John Simon, foreign secretary, said:

"Even in the United States Americans are putting their faith in their time of trouble in a man and not in an institution."

Debt Parley Fails

LONDON, Eng.—(AP)—The deadlock on the war debts between Great Britain and the United States will be aired in the House of Commons Tuesday.

Authoritative opinion believes Great Britain will meet its December 15 payment with another "token \$10,000,000," but the cabinet may not have an opportunity to make a formal decision on this matter before the House of Commons meets.

The only possible danger is that the failure to negotiate a debt settlement in Washington may result in the United States and Great Britain grinding for battle over a new economic issue—that of money exchange control. Comment on this phase of the situation will not be forthcoming until after Secretary of State Hull has been heard and Chancellor of the Exchequer Chamberlain speaks in the House of Commons.

Chamberlain, as government spokesman on finance in the Commons, will carefully refrain, it is believed, from placing any blame for the Leith-Ross mission's failure on the Roosevelt administration. The British official view is likely to be one of disappointment. Authoritative American observers here have reported to Washington that the British public is apathetic toward the whole debt question.

A continuance of token payments generally will be accepted by the British as the best means of handling the problem. When the United States accepted the first token payment, the impression gained ground here that the whole debt question was susceptible to such treatment. During the decade since the debt was funded, the problem has ceased to arouse the violent passions previously expressed in large sections of the British press.

More Curios for Star Freak Editor

Here's Yam That Looks Like a Seal—and Alley Oop's War Club

Adding to The Star's collection of heavy-weight and freak vegetables grown in this section of the current crop came Monday another sweet potato. This yam did not enter into the heavy-weight class. It took on the shape of a seal, nature marking it with eyes, nose, mouth and even "teeth."

If Women Ask Equality Heart Balm Is "Out"

BY HELEN WELSHIMER
(Copyright, 1933, NEA Service, Inc.)

If a man is rich enough he frequently finds that a romance that has been discredited has been placed on the gold standard by the woman in the case. Breach of promise suits are being filed every day by women who assert that men have asked them to marry and then changed their minds.

For some reason the privilege of altering one's opinion has always been a woman's prerogative. If she decides she doesn't want to marry, she tells somebody's Lawyer, she tells him so and expects him to accept the ultimatum.

But when a man experiences a change of heart he is accused of being unchivalrous and unreliable.

In the present day economic set-up in which women are asking for equal rights and privileges, with men at the head of the parade, it is not surprising that for them to insist on de-

S. H. Turner Dies, County Landowner

Made Money in Gold Mines, Bought Tract Near Patmos in 1906

S. H. Turner, 71, large landowner of Baker's Switch, below Patmos, who years ago made a stake in the gold and silver fields of Nevada and invested it in a large tract in Hempstead and LaFayette counties, died at Josephine hospital at 9 o'clock Monday morning.

Mr. Turner's health began to fail three months ago, but his condition did not become critical until last Friday.

He is survived by his widow, three sons, Erle and Dale, of Patmos, and Clifton of Shreveport; a brother, C. A. Turner of Exeter, Calif.; and a number of nephews and nieces of Barnard, Mo.

Mr. Turner was born at Barnard, in northwestern Missouri, leaving as a young man to seek his fortune in the gold and silver mines of Nevada. He spent several profitable years there, and in 1906 came to Arkansas, buying a large tract of cut-over acreage in Hempstead and LaFayette counties just below Patmos.

For nearly 30 years he had engaged in livestock-raising and diversified farming, with success.

The funeral service will be held at 2:30 o'clock Tuesday afternoon from the funeral parlor of Hope Furniture company. Officiating will be the Rev. Floyd Clark, pastor of Mt. Nebo Baptist church, of which Mr. Turner was a member, assisted by the Rev. Wallace R. Rogers, pastor of First Baptist, Hope. Burial will be in Rose Hill cemetery here.

Nashville Boy Is Discovered Suicide

10-Year-Old Leo Copeland Puzzles Officers With Tragic Act

NASHVILLE, Ark.—Officers Saturday night pondered the cause which led 10-year-old Leo Copeland to hang himself by a rope from the eaves of a barn at the rear of his home here earlier in the day.

Despite the fact his mother, Mrs. Ben Copeland, blamed herself for driving her son to suicide when she reprimanded him, City Marshal J. G. Reese advanced the theory that the boy had been playing and had fallen, hanging himself by accident.

Mrs. Copeland related in grief-ridden gasps that she had threatened to whip her son when he failed to gather some stovewood for her. After gathering the wood, her son disappeared, she said. When she became worried about him several hours later, a search was instituted and his lifeless body was found hanging in the barn.

Officer Reese declared that he believed it was "not natural for a boy of his age to deliberately take his life, especially in view of the fact that he was unusually bright in his studies."

The boy is survived by his father and mother, Mr. and Mrs. Ben Copeland. Copeland has been employed at Facon, Okla., recently. Funeral arrangements were incomplete late Saturday.

Dutch Kleiber Is Fatally Hurt in Automobile Crash

Former Blackwood Political Aide Killed Near Memphis

UPSETS AT CURVE

Served Under Blackwood in Three Political Offices

MEMPHIS, Tenn.—(AP)—V. A. (Dutch) Kleiber, 40, former chief auditor of the Arkansas Highway Department administration of Dwight H. Blackwood as highway commission chairman, was fatally injured at midnight Sunday when the automobile in which he was riding left the highway between Turrell and Frenchmen's Bayou.

Kleiber, recently employed by an oil company at Osceola, Ark., was riding with H. C. Shoemaker, 31, of Memphis, another employee of the oil company.

Shoemaker was treated for lacerations. The accident occurred at a curve in the road.

Kleiber was closely associated with Blackwood for many years, serving under him when Blackwood was state treasurer, and also when he was sheriff of Mississippi county.

Before coming to Arkansas Kleiber was chief auditor for an Eastern railroad.

E. R. Green Dies, Is Buried This City

Father of J. L. Green Succumbs Saturday at Idabel, Oklahoma

E. R. Green, former resident of this city, died late Saturday night at his home in Idabel, Okla. He was the father of J. L. Green of Hope.

Funeral services were held Monday morning at 9:30 o'clock in Idabel. Interment was in Rose Hill cemetery in Hope at 2:30 o'clock Monday afternoon.

Surviving are his widow, two sons, J. L. Green, Hope, and William Green of Idabel; one daughter, Mrs. Gullett of Paris, Texas, by a former marriage.

Second Brother Convicted at K. C.

George McGee Given "Life," Brother Sentenced to Die

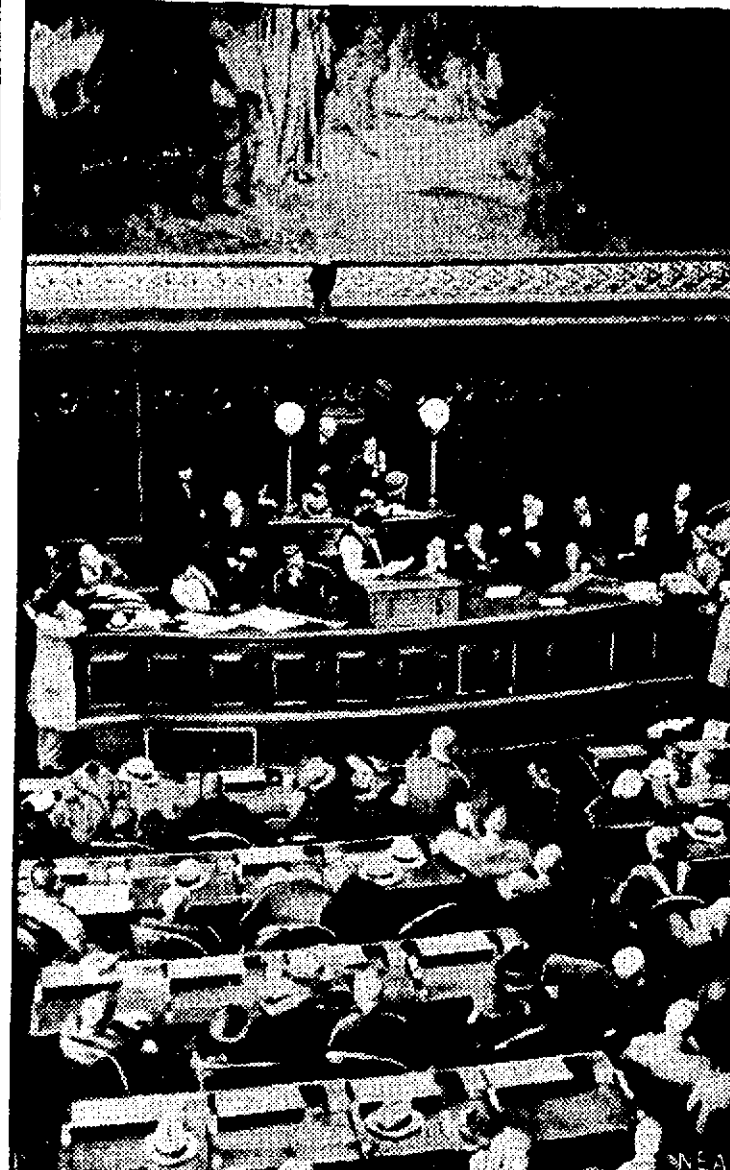

KANSAS CITY.—(AP)—George McGee, 21, was sentenced to life imprisonment by a jury which convicted him late Saturday night of participating in the \$30,000 ransom kidnapping of Miss Mary McElroy, daughter of the city manager.

The state had demanded the death penalty, a verdict voted against McGee's brother, Walter, at a previous trial. The jury deliberated slightly more than three hours.

George McGee denied he was involved, but he was identified by Miss McElroy and her father, H. F. McElroy who paid the ransom.

The death penalty verdict for Walter McGee was the first returned by a jury since a wave of kidnapping swept over the nation, dating from the abduction of the infant son of Mr. and Mrs. Charles A. Lindbergh.

60,000 Young Fish Put in Red Lake

120 Cans Transported—Clearing Lake of Scavenger Fish

Local sportsmen interested in the restocking of Red Lake near Fulton have completed their first shipment of seed fish, they announced Monday. They have placed in the lake 100 cans of fingerling bass, 10 cans of white perch, and 10 cans of blue-gill brim—all given them by the Arkansas Game & Fish Commission. The requisition was issued by Earl Barham, local game warden.

J. R. Stringer transported the fish from the hatchery at Lonoke, Ark., to the lake at \$25 a load. Mr. Stringer obtained the loan of a sufficient supply of containers for two days.

As each can held 500 fish, approximately 60,000 have been placed in Red Lake. Warden Barham meanwhile is having all the rough fish, such as buffalo, carp and gars, seined out, having taken approximately 1,500 pounds up to Monday, and probably as much more in the current week, according to Dr. W. G. Allison, acting for the local committee.

Bobcats Prepare for Prescott Tilt

Hardest Game of Season Friday Night on Prescott Field

Couch Teddy Jones' Bobcats, recovering from an upset last week at the hands of Wales, lined up Monday afternoon to prepare for the feature game and what promises to be the bitterest fought grid game of the season next Friday night.

Opponents of the Bobcats will be Prescott, always a hard game for the locals. Jones' men will attempt to break a spell of football victories cast over the Bobcats, cracked but once in recent years—and that in 1930 when a team coached by Charles Wilkin set the Curly Wolves down, 7 to 0, on their home lot.

Again this year the battle will be fought on the Prescott field, which is expected to attract one of the largest crowds to witness the two teams in several seasons. Tickets will go on sale here. Proceeds from sales here will go to the Hope High School athletic fund. Money taken in at the Prescott football field will go to the Curly Wolves.

The Bobcats, who were humiliated by a Waldo football team here Friday night came out of the contest in fair physical shape. A few of the players are nursing minor injuries, but the squad by next Friday night is expected to be in the best of condition.

Couch Jones had little to say for publication concerning the Waldo affair, but promised fans and supporters who have rallied around him and his team this season, that the Bobcats "will be out there fighting every second. We had rather beat Prescott than any other team on our schedule. That goes for me, the squad, and on down to the waterboy."

Continuing he said: "The Curly Wolves are a tough bunch to beat, and especially by a Hope team. It will be a hard game for both squads. We're going to fight hard for a victory."

West's Governors to Take Farming Issue to Congress

Minnesota, Nebraska, and North Dakota Raise Flag of Revolt

FORCE F. D.'S HAND

President and Secretary Wallace Have Rejected the Proposal

ST. PAUL, Minn.—(AP)—A united demand by the governors of Western states for a federal price-fixing and crop-restriction farm relief program will be made in congress in January, Governor Olson said Monday on his return from Washington.

From Lincoln, Nebr., came a dispatch quoting Governor Bryan of that state as endorsing a suggestion by Governor Langer of North Dakota for an embargo on importation of foreign foodstuffs.

Governor Bryan said the president could and should exercise his power to protect the American farmer.

1/2 Billion Farm Fund

WASHINGTON.—(AP)—The Roosevelt administration Sunday concentrated its farm program on the corn belt, center of farm unrest and a holiday-strike movement. Secretary Wallace and Farm Administrator George N. Peek said that during the next two months their main energies would revolve about the government's \$500,000,000 corn-hog program, corn loans, and the development of a plan for improving beef cattle prices.

Neither had comment on the National Farm Holiday Association's announced intention of throwing the strike movement into "high gear," following President Roosevelt's rejection Saturday of the program presented by five midwest governors to fix farm prices and regiment farm production and sales.

Patience Is Urged

Among their aides, however, there was a disposition to look upon the strike only as a symbol of unrest and as unlikely to reduce farm marketings substantially. They pointed to warning by Wallace after the farm act was passed by congress that gradual improvement rather than quick, sensational price rises was what he expected from it.

Two new processing taxes went into effect Sunday through which the corn-hog plan will be chiefly financed. The corn tax, originally scheduled to start at 28 cents a bushel, was levied at five cents. It will be posted to 20 cents on December 1. At that time the farm administration expects to determine what compensatory processing taxes shall be levied on competing products.

Another tax becoming effective Sunday was that on hogs. Its initial rate is 50 cents per hundredweight, rising by stages to \$2 on February 1. Both taxes at their higher rates are to continue in effect until November 5, 1935, and are expected to produce more than \$400,000,000. Theoretically the consumers of corn and hog products are to pay this.

BEHIND THE SCENES IN Washington

Business Recession No Cause for Worry... Seven or More Women Likely to Be in Congress Next Session... President Dodges Ordinal of Hand-Shaking.

BY RODNEY DUTCHER
NEA Washington Correspondent
WASHINGTON.—Best minds of the administration at last have thawed to the point where they'll give their honest views on progress of the national recovery program. Here's the way they size it up:

BUSINESS—Recent recessions nothing to be discouraged about. Small month-to-month fluctuations not as significant as general trend. Previous improvement was so rapid that a slowing up was to be expected. Exports show a striking increase of 60 per cent over the low of the first three months of the year. Chief worry factor in recessions, aside from possibility they will continue, is the chance that public will take them too seriously and become alarmed.

GOLD PURCHASE—Few presidential advisers can see it, except as dubious psychology which should be avoided.

CAPITAL GOODS—Little happening to this vitally essential and stricken market, so far, except lot of smoke and talk. Aside from public works, whose net effect can't be forecast, biggest hope for this market in Russia, which wants to buy machinery. Machinery manufacturers are powerful backers of recognition.

NRA—Hurry-burly giving way to normalcy. Publicity likely to veer to agriculture and liquor, with Ford case a last gasp of ballyhoo. NRA settling down to get to work as regular part of our economic system, mercifully over its emotional period and gradually will straighten out many of its complicated points and general policies.

AGRICULTURE—Farmers should remember that NRA quickly has boosted prices to new level, leaving farm prices behind. But NRA's new wage costs rapidly are being reached and will be relatively static.

NRA will cause no second or third jump, whereas agricultural program will take as many jumps as necessary to restore farmers to price parity.

Chief effects of major steps in AAA program will be felt in future and realistic authorities think outlook is rather good.

More Congresswomen
Voters elected only five women to the House last year—Mesdames Florence Kuhn of California, Edith Rogers of Massachusetts, Mary Norton of New Jersey, Virginia E. Jenckes of Indiana, and Kathryn O'Loughlin McCarly of Kansas.

But there may be seven or even more in the next session. We're sure, after special election, of Mrs. Isabel Greenway of Arizona. And Mrs. B. B. Bryant, member of the Vermont State Board of Education, expects to win the old seat of Congresswoman Ernest Gibson.

"Interested Reader"
President Roosevelt, to hear him tell it, often gets some of the most important Washington news from the newspapers.

"I just know what I read," he frequently says, as he did at first, when questioned about NRA Administrator Johnson's latest jump with Henry Ford.

Dodging the Grippers
The president's cancellation of the annual New Year reception had his physician's hearty endorsement. Hoover and Coolidge sometimes used to wear their arms in slings after those long sessions of handshaking.

Eyes on Tariff Walls
Manufacturers operating under NRA will be protected from undue competition of foreign goods, but the recommendation of Secretaries Hull, Woodin, and Roper for strengthening and partial reorganization of the tariff commission has behind it a strong desire to get the country back into foreign trade.

And that involves an intention to remove trade barriers, where possible. (Copyright, 1933, NEA Service, Inc.)

GLORIFYING YOURSELF

By Alicia Hart

Evening makeup should flatter you. A light, inconspicuous, easy-to-apply makeup is perfectly all right for the street, but it will look like nothing at all under artificial lights. Then you need a little more color and a little eye makeup which you wouldn't ordinarily use on the street or in the office.

YOUR CHILDREN

By Olive Roberts Barton
©1933 BY NEA SERVICE, INC.

One time at a teachers' party each one of us was asked to compose a little squib on Lincoln.

I must have been depressed about the children's lack of interest that week, for as every teacher knows something like a schoolroom every so often that seems born of the devil. They log, they don't pay attention, they go to sleep on the job, and you work three times as hard trying to wake them up.

I found a little card recently on which was written my masterpiece. It brought back many memories. It is a sight in rhyme, a prayer in meter—but poor as it is, it expresses a certain something that is being talked about today:

To diagram and parse and spell, we teach with fervid hammer.
Oh, why not pray the powers that be send us to the recipe
That prompted Lincoln once to walk eight miles to hunt a grammar?

Lincoln's Hardships
Eight miles through snow up to his bony shoulders to borrow a thumbed volume so that the country boy could learn his plurals and verbs, becoming a literate citizen instead of an illiterate outsider and shape the destiny of a world.

No one told him to do it, no one suggested it. In his rude living he was as important as his neighbors. There was no spirit of rivalry, no urge to do what the other fellows were doing. Only a burning desire to get "learning," to know what men had written before him, and to talk as the best talked beyond the fields and fences in the realm of affairs.

No paper or pen, not even a slate, and heaven only knows what he used for a pencil. Charcoal, they say. Very likely, and a shovel for parchment.

This is the spirit so many children lack today. How could it be otherwise with education handed to them like predestinated breakfast food in cellulose cartons.

To school in automobiles; to college in luxurious Fullman berths; fur coats, allowances, and luggage de luxe.

If Education Were Bootlegged
Oh, no, I am not as bad as that, God bless them! It only comes once in a lifetime. And I am not discounting by any means the thousands of earnest young workers who are putting themselves through and in many cases working beyond their strength. Neither am I blind to the parents who make the sacrifice in order to give their boys and girls a chance.

But the fact remains that too many young people are unappreciative of education. After all is said and done, they take the attitude that they are doing somebody a favor if they make a decent recitation and pass at the end of the term. It is typically true of too many high school and college students. With younger children it is a little different, not that they are more appreciative, but that we cannot expect so much of them.

It is to be wondered what would happen if education had to be bootlegged—if it were difficult to get and only to be obtained by astute maneuvering. One thing is certain. Appreciation would come into its own again.

Have a good light over your dressing table and stand so that it shines on your face while you are making up.

Clean your face and neck with cleansing cream and skin tonic before you get into your bath. If your skin feels at all dry, put on a nourishing cream and leave it on until you step out of the tub. Be sure and remove every trace of it before you use a foundation lotion.

A good foundation lotion is a necessity both at night and during the day. It's a good idea to have one which matches the tone of your skin and be sure and put it on your neck as well as your face.

After the foundation, blend on either liquid or cream rouge. See that there are no rough edges and that it is not placed too low on your cheeks.

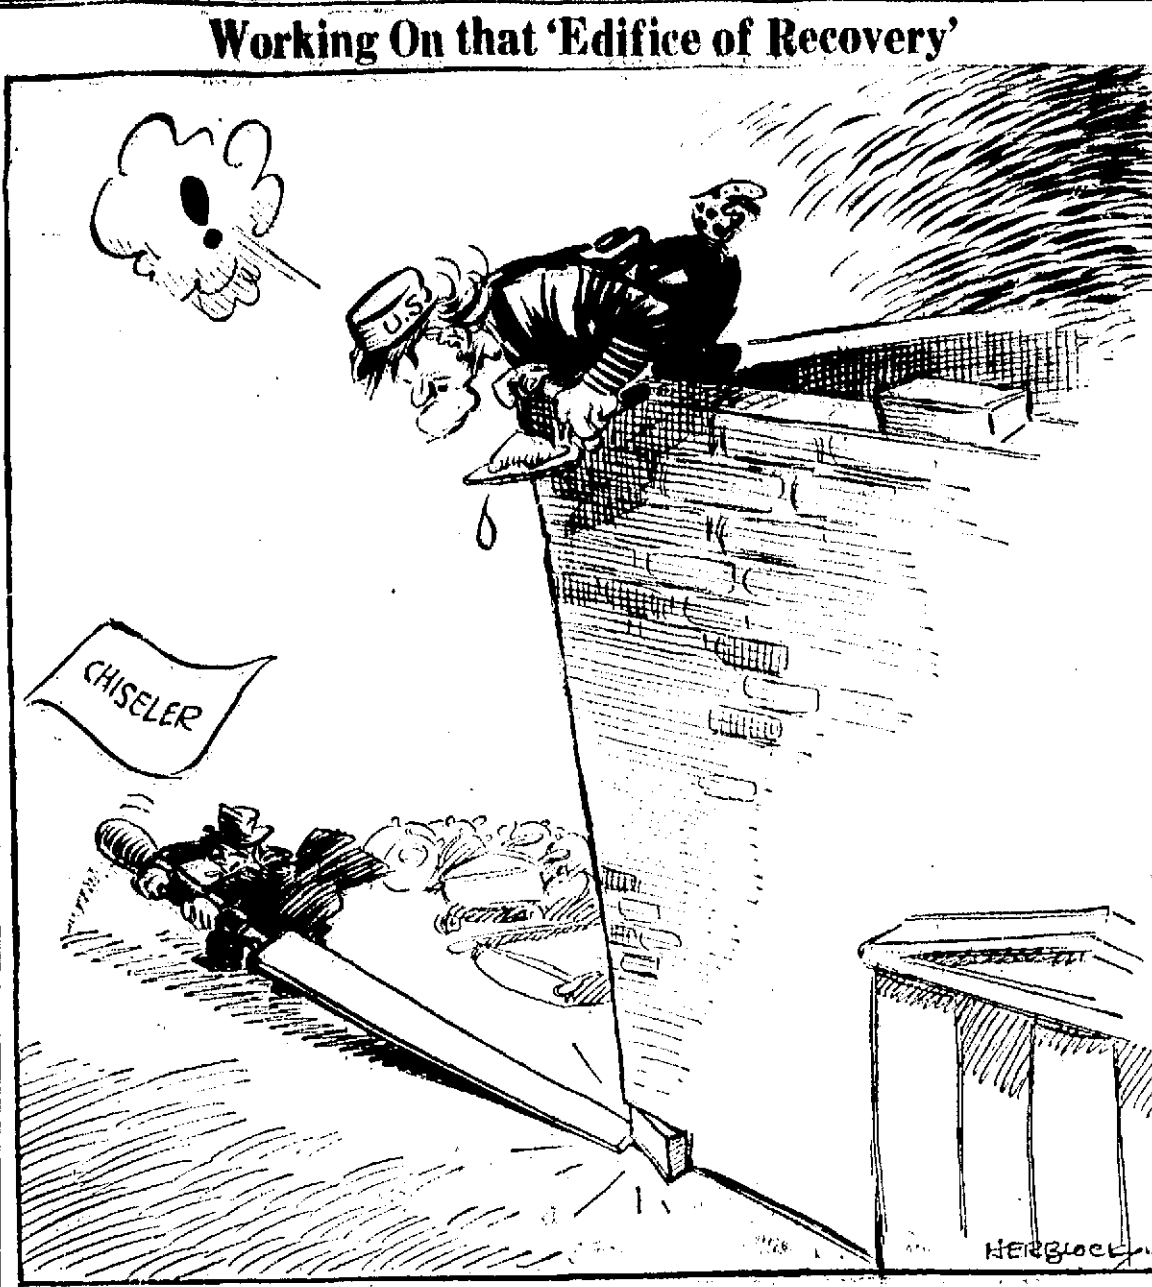

Powder follows the rouge and then an eye-shadow. Be careful not to get powder on your eyelids. Brush your brows and lashes after you have powdered. Eye shadow should not extend out on the cheek bones.

Mascara and eyebrow pencil, if you use them, are the next to the last steps. Lipstick is the final one.

NEXT: How to apply rouge.

Forgotten Sweetheart

BEGIN HERE TODAY
JOAN WASHING, pretty Memphis girl, and BOB WESTON, son of a New York millionaire, met in Memphis and fell in love.

They became estranged through the scheming of BARBARA COURTNEY, a popular society girl who is trying to win Bob for herself. Joan goes to New York to search for PAT, her younger sister, who has run away after an unhappy love affair. Joan is hired as a marked singer, in a night club. Presently she becomes engaged to BARNES BLAKE, owner of the club.

Pat reappears and becomes Barnes' secretary. Bob realizes he loves Pat instead of Joan. Joan sings at a fashionable entertainment and discovers she is in Bob's home. Bob recognizes her voice and traces her to the luxurious apartment she and Pat share with Barnes' stepmother. Bob learns the conclusion that Joan is living there as "Mrs. Blake." He brings her from him and rushes away.

Joan tells Barnes of her love for Bob and learns that he loves Pat. Next day Barnes and Pat are married. Joan hears that Bob has gone on a cruise. Desperate and unhappy, Joan returns to Memphis.

NOW GO ON WITH THE STORY
CHAPTER XXXIV

BOB's father had been afraid that the surprise he had in store for his son—a yachting party including 15 young friends hastily gathered together by Barbara—might prove unwelcome. Mr. Weston was quite sure Bob would have preferred to make the trip without these companions but he was sure also that companionship was exactly what Bob needed.

Hence, like a good physician, he went ahead with the cure for the malady, regardless of its bitter taste.

If Bob were displeased at finding the group of guests waiting at the yacht basin there was no evidence of it in his face. He greeted them cordially, smiling at Barbara's enthusiastic, "Wasn't Mr. Weston a perfect dear to think of this lovely trip?"

But the days and nights at sea passed and Mr. Weston saw nothing in his son's manner to indicate that the romance between Bob and Barbara was progressing.

To Mr. Weston it seemed strange that Bob could be so blind to the girl's charms. She was young, beautiful and spirited. And obviously she was devoted to Bob.

They passed by Mr. Weston's deck chair, Barbara clinging to Bob's arm as the deck swayed under the roll of the rough sea. She was wearing a jaunty white sport frock, a little white cap set sailor-fashion on one side of her head. She turned to the older man, raised one hand in salute, and called, "This is helping me get my sea legs!"

Later Mr. Weston saw them again, a little withdrawn from the others and deep in conversation. He smiled with satisfaction. It would not be long now before the shadow would lift from Bob's eyes.

But when his son was off-guard his eyes were still unsmiling and there was bitterness in the tight set of his mouth.

"I'm an impatient old man," Mr. Weston thought unhappily. "Young people take disappointments to heart more than we oldsters, who have forgotten our romantic pangs, can realize."

WHEN they had gone a man arose stiffly from a stateroom chair in the shadows. Mr. Weston went to his cabin and prepared for bed. Over and over he told himself that he was an old fool. There were no shy, sweet, old-fashioned girls any more. They were all bold little dirts out for a good time, taking

pleasure where they found it and accepting and giving kisses as carelessly as a "Good morning" or "Good evening." He told himself it was absurd for him to feel that Barbara had betrayed a trust.

Bob knocked on the door and then put his head in the room. "You're not sick, Dad?" he asked. "Feeling fine," came the gruff answer.

"I've been talking to Captain Eric. Nobody seemed to know where you were when I came down. Sure you're all right?" "Sure." Then, "Oh, Bob—" "Yes sir."

"You haven't spoken to Barbara, have you? I mean—you haven't ask her?"

Perhaps the greatest impediment in one's fight against over-plumpness is the bridge luncheon, that wily foe of dieting. The dieting guest fears that she may offend her hostess if she fails to partake of the tempting, rich food usually served, but she knows that if she yields she breaks down her carefully guarded diet and undoes the work of weeks of stern "reducing."

But bridge luncheons do not have to be so injurious to diets. The thoughtful hostess of today plans her menus

Tomorrow's Menu
Breakfast: Orange juice, cereal, cream, scrambled eggs, toast, milk, coffee.
Luncheon: Vegetable soup, toast, crackers, pear and peanut butter salad, rice custard pudding, milk, tea.
Dinner: Boneless chuck roast with brown gravy, baked potatoes, ten-minute cabbage, Brother Jonathan, milk, coffee.

with her reducing friends in mind and combines delectability with a minimum of caloric content.

There are a few general suggestions the hostess may want to keep in mind when planning her fall and winter luncheon menus.

Crackers Instead of Rolls
In the first place, take stock of the calories. It's the fats, starches and sugars that increase the caloric count at such an alarming rate. This includes in the food list all bread-stuffs—particularly hot buttered rolls so popular on luncheon menus—cream sauces, mayonnaise, whipped cream, very sweet desserts made with yolks of eggs, and rich cake and pudding mixtures. Angel food cake is not taboo since it's made mostly of egg whites.

Instead of hot rolls try serving toasted crackers. A soda cracker is said to have about one-fourth as many calories as an unadorned piece of bread the same size as the cracker. You can find a great variety of wafers and crackers and "biscuits" on the market, one to suit any need and purse, and it will pay to study them and make use of them.

Feeds Low in Calories
Fruit cocktails (unsweetened), jellied meats, boiled meats and fish, one hot succulent vegetable simply dressed with salt and pepper and a little butter, a plain green or fruit salad with French dressing, and if dessert must be served, a fruit whip or ice or a "snow pudding"—all these are delicious and low in calories. Bouillon and consommé have almost no caloric value and make excellent first courses at this time of year.

The calories should not total over seven hundred per guest. It may help you to remember that olives, ripe ones particularly, increase the caloric count rather extravagantly, one olive adding ten to fifteen calories, but radishes and celery have very little caloric content. So when you add up the calories take all these things into consideration and serve accordingly.

The following menu averages about 650 calories:

Reducing Luncheon Menu
Bouillon
Radishes
Celery
Veal Birds with Browned Peas
Spinach Timbales
Dried Apricot Whip in Meringue Shells
Black Coffee

Trade-in Value of Car Is Regulated

NRA Dealers' Code Expected to Put End to Abuses

WASHINGTON—(AP)—The NRA issued Friday—the effective date of the motor vehicle dealers' code—as the passing of abuses in the automobile trade.

Outstanding in the departure from the customs of many years was a provision for an authority to regulate used car allowances, and a ban on selling below cost and of selling outside the dealer's own territory.

Added to this was the clause which prohibits a trade-in allowance at all on the so-called junk cars. The Recovery Administration and the Code Committee expressly wrote into the code that it shall be an unfair trade practice to permit junk cars to figure in the average used car values.

Firms dealing exclusively in used cars, who protested strenuously at the hearing against going under the same regulations as those covering dealers in new cars, have been reported by the NRA as satisfied with representation on the various committees.

When things go wrong, as they sometimes will,
When the road you're treading seems all up hill,
When funds are low and debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest if you must, but don't you quit.
Often the goal is nearer than
It seems to a faint and faltering man,
Often the struggler has given up,
When he might have captured the victor's cup,
And he's learned, too late, when the night closed down,
How close he was to the golden crown.
Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you can never tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit—
It's when things seem worst that you mustn't quit.—Selected.

On Sunday afternoon at 4 o'clock at Hotel Grin in Texarkana, the Marshall-Wood Studios of Fine Arts presented a program of songs by Mrs. Lillian Carrigan Routh. The main dining room of the Hotel Grin formed a perfect setting for this unusually beautiful program, was further beautified with lovely autumn flowers and a most attractive stage arrangement. Mrs. Marshall introduced Mrs. Routh and Mrs. Emma Wilson Emery and Mrs. Shirley Thurman, of Shreveport. Mrs. Emery and Mrs. Thurman having written the lyrics shared the honors of the afternoon. The spacious room was completely filled with representative friends from Shreveport, Hope and Texarkana, and when Mrs. Routh appeared to play her accompaniment, she was greeted with a round of applause, that very plainly demonstrated an appreciation of her splendid talent. Each number was well rendered, showing that the composer had indeed fortunate in her choice of interpreters who so beautifully exemplified her unusual talent and training. The singers were pupils of Mrs. Helen Ruffin Marshall, who needs no introduction to Hope friends. Those attending from Hope were Mrs. B. C. Soft Coal Miners Return to Work

Last of 10,000 of Original 75,000 Strikers Back on Job Monday

UNIONTOWN, Pa.—(AP)—In peace-contrast to the strife of the last three months, western Pennsylvania's striking soft coal miners Monday marched back to the pits they deserted in demand for union recognition.

Ending a deadlock which the Washington administration had viewed as a threat to the entire national recovery program, some 10,000 men went back to work, among the last and most recalcitrant of some 75,000 workers who stalked out of the mines early in August.

Johnson Departs on Tour for NRA

Senator Borah Attacks Rising Prices Under "Bird of Prey"

WASHINGTON — (AP)—Hugh S. Johnson set out for the west Sunday night in an endeavor to clear away opposition and discontent that have mired in the farm belt against NRA and the rest of the recovery program.

It was an "air tour" that started on the ground, for weather prevented take off of his plane, and he went to Chicago by the Liberty Limited. Johnson hoped the army transport could pick him up there Monday for the rest of the week's swing that will include Minneapolis, Des Moines, Omaha, Kansas City, Tulsa, Fort Worth and Louisville.

Borah Raps Eagle
PARMA, Idaho—(AP)—Declaring the administration's "buy now" campaign "is not progressing at all," Senator William E. Borah of Idaho Sunday night demanded restoration and ending of the anti-trust laws to stop "a brazen program of exploitation" through high prices.

Speaking before an assembly of residents of this rural community on the Boise river, the senator declared "the buy now" campaign was "in fact, receding."

"The sales volume as shown by experts," he continued, "is significantly unfavorable. There is perhaps more than one reason for this, but the controlling reason is the prices which confront the buyer."

"The prices of these goods are high beyond all reason, and conscience. If they were blue eagle prices, it would make this bird a bird of prey instead of a bird of protection. They are in many instances, in my judgment, the prices fixed by combines and monopolies, sheltered by the broad wings of the double-headed eagle."

"We are gathering the fruits, in a large measure, of the mistaken act in suspending the anti-trust laws last winter. x x x It was assumed that the public would be protected through these codes, but that assumption was based upon wrong premises and was made without a sufficient desire to restrain monopolies."

Declaring prices of things "essential to the comfort and health of the farmer and laborer," have risen from 62 to 120 per cent, he said, "this means denial, the denial which brings suffering for millions of men and women who are entering the fourth winter of the depression."

Farley and Smith Oppose Tammany

New York Winding Up Bitter Campaign for City Control Tuesday

NEW YORK—(AP)—Postmaster General James A. Farley, leader of the forces that nominated Franklin D. Roosevelt for president, Sunday night endorsed the entire ticket headed by Joseph V. McKee, independent Democratic "Recovery Party" candidate.

Amplifying his statement that he would vote for McKee—who has repeatedly asserted that "a vote for McKee is a vote for Roosevelt"—Farley, Democratic state and national chairman, said he would vote also for Ferdinand Pecora, James J. Hovey and other "Recovery Party" candidates.

Farley's statement came as the three major candidates, McKee, Fiorello H. LaGuardia, Fusion, and Mayor John P. O'Brien, Tammany Hall, plunged into a climatic wind-up of the bitterest city election since Tammany was overthrown in 1914.

Asserting that he felt "a vote for O'Brien would be half a vote for LaGuardia, for it is very evident that O'Brien cannot win," Farley said he would vote for McKee because "he will give to the city of New York a government of efficiency, of honesty and of real service."

He joined former Gov. Alfred E. Smith in endorsing Hovey for election as president of the Borough of Manhattan. Smith, silent on the mayoral and all other candidates, Sunday night announced his support of Hovey, who managed his floor campaigns in the Democratic national conventions of 1924 and 1928.

White Bound Over on Forgery Count

His Arrest Is Followed by Inquiries From Other Cities

Ben White, arrested here several days ago after forging a \$30 check at the J. C. Penney store, waived preliminary examination in municipal court Monday and was bound over to the grand jury.

White is charged with forgery and uttering. Bond was fixed at \$500. Since White's arrest, letters from several Arkansas towns where he is alleged to have forged checks have been received by Chief of Police Clarence E. Baker.

Curly Moore and Bezley (Jack) Noble, negroes, charged with burglary and grand larceny growing out of the Lion oil station robbery at Third and Elm streets several days ago, waived preliminary examination Monday and were bound over to the grand jury.

Bail for the two negroes was fixed at \$300 each. Loot taken in the hold-up including a battery, tools, a pair of trousers and shoes and a small amount of currency. Most of it has been recovered. Noble is a former employee of the oil depot.

Results of other cases on docket: Mike Schlemmer, disturbing the peace; posted \$11 cash bond and did not appear for trial.

Elford Schuch, disturbing the peace; posted \$11 cash bond and failed to appear.

P. J. Sutton, drunkenness; posted cash bond of \$5. He failed to appear for trial.

O. H. Williams, drunkenness; fined \$5 and costs.

William Henry Marshall, assault with a deadly weapon; fined \$50 and costs and sentenced to 30 days in jail. The prison sentence was suspended during good behavior. Marshall was convicted for beating up Joe Smith. Na-va-da.

George Northcott, charged with using artificial fishing bait in violation of the Arkansas game and fish laws, was to go on trial Monday afternoon.

Smith declared that Marshall attacked him with an axe, inflicting a deep scalp wound.

White Thomas, assault and battery; fined \$10 and costs.

William Henry Jackson, possessing intoxicating liquor; fined \$50 and costs. A notice for an appeal to circuit court was filed. Bond for Jackson was placed at \$110.00.

The case of J. C. Bardwell, charged with assault and battery was being heard Monday afternoon.

Georgia Company Loses Local Suit

Supreme Court Refuses to Reverse McCaskill Bank Liquidation

LITTLE ROCK—(AP)—The Loomis Cotton Gin company of Columbus, Ga., failed in an effort to have the Arkansas Supreme Court Monday reverse the Hempstead chancery court's refusal to surcharge the accounts of the liquidator of the Bank of McCaskill, and set aside settlements by the liquidator to 46 other depositors of the bank.

The supreme court affirmed the lower court's action.
